

GOLF RULES AND PROCEDURES

1. Coaches are responsible for players' actions on the course and in the clubhouse. Coaches should encourage fast play, proper etiquette, and polite behavior.
2. Parents of players should stay one-half hole behind players, not speak to the golfers, and in, no case, be allowed to keep the scorecard or become involved in scoring disputes..
3. Regular matches shall consist of eight (8) players for each school.
4. Each golfer shall keep his/her opponent's scorecard. Scoring disputes must be settled before play begins on the next hole. Players must sign two scorecards at the end of each match (the one they kept as scorer and the one with their score on it).
5. To qualify for the City Tournament, a golfer must compete in three weekly matches.
6. Each school will qualify four players in both girls and boys for the City Tournament.
7. Coaches are encouraged to schedule activities during their bye match. For example, teams could view appropriate golf videos on rules or perform maintenance jobs at their home courses.
8. Golfers may practice on the course for free if the tee box is open. If paying customers want to play, junior high golfers shall use the range and putting green for practice. With few exceptions, practice days are Monday through Wednesday. Indian Lakes and Warm Springs may allow some practice on Thursdays, because both courses host two teams.
9. Practice concludes no later than 5:00 p.m., so some matches might consist of less than nine holes. Match or stroke play rules still govern shortened matches. Coaches will inform golfers as to the time of the day and when to head back to the clubhouse.
10. Matches will end at 6:00 p.m., so some matches might consist of less than nine holes. Match or stroke play rules still govern shortened matches. Coaches will inform golfers as to the time of day and when to head back to the clubhouse.
11. To qualify for matches, golfers must show evidence (a scorecard, for example) that they can shoot 55 for nine holes (60 at Shadow Valley or Quail Hollow). Coaches will determine how to verify the scores.
12. During the matches, if a golfer's score reaches eight (8) before finishing a hole, the golfer shall pick up his/her ball. In match play, the golfer will lose the hole; in stroke play, a 10 will be entered on the scorecard. If both opponents have to pick up, the hole is deemed a tie.
13. A coach or the golf course may deny playing privileges to a golfer not meeting behavior expectations.
