

My Research Strategy

<p>1. Task What is my assignment?</p>	
<p>2. Seek What resource has the information I need?</p>	
<p>3. Locate Where do I find my resource? How do I find information in my resource?</p>	
<p>4. Use Is the information student friendly, organized, current, accurate? Who put the information here? How do I get the information into my brain? How can I use this information without plagiarizing? (copying)</p>	
<p>5. Organize How can I organize my information? How should I present my organized information?</p>	
<p>6. Evaluate Can I improve anything before I turn it in? What would I do next time to make it better?</p>
